

## District 6 Staff Meeting via Zoom

9:30 a.m. --- March 31, 2020

### Agenda

- The DLG sent [this memo](#) to all special taxing districts to share the Governor's executive order related to public meetings during this COVID-19 timeframe. This does not change the videoconferencing requirement of the law. The legislature has passed a COVID bill (SB150) that includes language to allow special taxing districts to do business via conference calls during this situation if videoconferencing is unavailable. The bill is awaiting the Governor's signature before it is law. As soon as we have confirmation it is signed, we will let you know.
- We expect to keep doing what we are doing until at least June 1<sup>st</sup>.
- Background Checks - The company we use for background checks works with County Court Clerk offices. A lot of these offices are closed. Background checks conducted now may not be 100% complete.
