

Financial Report Form

County

Program Year 2021-2022

List all grants, gifts and contracts received for the past program year (July 1, 2021 – June, 30 2022). Include only those for which a dollar value is known. Do not include in-kind contributions. **Contracts** are those agreements that specify specific deliverables within a specified period of time with required financial and program accountability (ex., 21st Century after-school program). **Grants** tend to be less specific, but do include expectations of how the funds will be used and the grantee is accountable to the grantor (ex., conduct farm safety program). **Gifts** are the most flexible. Gifts may, or may not, have a designated purpose, but have no specific expectation for accountability (ex., camp scholarships).

All Counties are required to respond even if you do not have anything to report.

GRANTS		
Source	Description	Amount
GIFTS		
Source	Description	Amount
CONTRACTS		
Source	Description	Amount

The above is a sample of what information is needed.

Form is due via Qualtrics submission by August 15th, 2022.
