

UK Cooperative Extension Nutrition Education Program November 2018

Educational programs of Kentucky Cooperative Extension serve all people regardless of race, color, age, sex, religion, disability, or national origin.

Report To The People

Be sure to include NEP successes in the Report To The People Including:

- Food Preservation
- Recipe for Life
- Recovery Center Gardens
- Superstar Chef
- Collaborative School Projects

For Your Information

- EFNEP account number to be changed...be on the lookout
- Teaching Together
- Backpack Program

Fish & Wildlife Recipes

Call for recipes!

Deer, fish, elk, rabbit, turkey, dove, squirrel, frog, turtle, crawfish, guinea fowl

Recipe cards similar to Plate It Up!

Hunters For The Hungry

Hunters for the Hungry 4-H Pilot

We are very excited 4-H Youth Development is piloting a community service project in several counties.

- The deer will be processed and provided to local food banks.
- NEP has provided recipes along with food safety information to the KY Association of Food Banks
- If you are an agent in one of the pilot counties or in a county that has been participating in Hunters for the Hungry, your time and efforts in planning can be counted towards SNAP-ED commitment

For more information on how you can be involved in this project with NEP, please contact Jann Knappage, Food Systems Specialist at (859) 257-2948 ext. 34945

Or jlknappage@uky.edu

Social Media Posts

Beginning in December, NEP social media posts will be available for all program areas.

Don't forget to count your SNAP-ED efforts when posting!
